SKILLS SUMMARY

• Languages:	C, C++, Java, Python
• Libraries & Frameworks:	NumPy, Pandas, Matplotlib, Scikit-learn, PyTorch, LangChain, LangGraph, Llamaindex
• Tools/Platforms:	VS CODE, Git, GitHub, Streamlit, Google Colab, Vercel, Automation Anywhere
• Backend:	MySQL, PostgreSQL, RESTful APIs
• Soft Skills:	Team Collaboration, Problem-Solving, Adaptability, Project Management

PROJECTS

PocketCA GITHUB	Jun 2026 – Jul 2026
- Engineered an AI-powered Indian Tax Assistant using Generative AI (LLM) to deliver accurate responses on income tax, deductions, exemptions, and tax regulations, reducing manual research time for users. - Architected and implemented Retrieval-Augmented Generation (RAG) pipeline with document processing, semantic/vector search, and prompt engineering to ensure contextually accurate, up-to-date tax guidance. - Developed an interactive conversational UI/chatbot enabling real-time, natural-language Q&A on complex taxation topics, improving user accessibility to tax information.	
File Distributed System WESBSITE	Mar 2026 – Apr 2026
- Built a fault-tolerant distributed file system in Python with file chunking, multi-node replication, and automatic data recovery to maintain availability and integrity. - Designed a heartbeat-based node monitoring mechanism that detects storage-node failures and triggers automatic re-replication of affected data. - Deployed a REST-based backend and real-time web dashboard for file ingestion, node management, distributed-system monitoring, and operational control.	

TRAINING

Generative AI Essentials – CipherSchools CERTIFICATE	Jun 2026 - Jul 2026
- Completed hands-on training in Generative AI, Large Language Models (LLMs), prompt engineering, NLP, embeddings, and Retrieval-Augmented Generation (RAG), with a focus on building practical AI applications. - Created Pocket AI, a document-based AI chatbot capable of processing PDF, DOCX, TXT, and CSV files and answering questions using document context and Mistral AI. - Formulated PocketCA, an AI-powered Indian Tax Assistant, applying LLMs, contextual retrieval, prompt engineering, and conversational AI to simplify complex tax-related queries.	

CERTIFICATES

• Database Management System Infosys Link	Aug 2026
• Google AI Professional Google Link	Jul 2026
• Prompt Engineering Vanderbilt University Link	Jul 2026
• Machine Learning Educative Link	Jun 2026

COMMUNITY SERVICE

WNS Cares Foundation CERTIFICATE	Jun 2025-Jul 2025
- Conducted cybersecurity awareness sessions for local community members, explaining practical concepts such as online safety, phishing, password security, and responsible digital practices. - Simplified technical cybersecurity concepts into easy-to-understand guidance, helping participants recognize common online threats and adopt safer digital habits. - Contributed to community digital literacy by promoting cybersecurity awareness and responsible technology usage through interactive learning and awareness activities.	

EDUCATION

Lovely Professional University	Punjab, India
Bachelor of Technology - Computer Science and Engineering	Since Aug 2024
CGPA: 8.85	
Sarti Devi Public School	Delhi, India
12 th With Science - Percentage: 92%	Apr 2022–Mar 2023
